

PRESUBMITTAL CHECK LIST
WATER PLANS

This checklist contains the minimum items that must be included with your plan submittal. The engineer shall initial next to each item to assure that item is included. The review process will not commence if any items are missing, or your submittal may be returned to you as "uncheckable." This will result in delays. Refer to the various plan check lists for more details and to assist in the preparation of complete plans. Checklists, fee resolution, and Development Standards can be obtained from www.co.kern.ca.us/ess.

Parcel Map/Tract No. _____

Date: _____

Engineer _____
