## A NOTE FROM THE KERN COUNTY PUBLIC WORKS DEPARTMENT

This Recycling Guide is a project of the Kern County Public Works Department. It is designed to provide Kern County residents with information on reuse and recycling options available throughout the county.

Although it is our desire to provide you with a complete resource, we acknowledge that we may have unknowingly omitted a service provider. If you know of such organization or business, please let us know. We will be pleased to include them in future publications.

This guide is for informational purposes only and should not be construed as a recommendation or endorsement by the Kern County Public Works Department. This guide is not complete with respect to the products, services or institutions it lists. It is not meant to be exclusive or exclusionary in any way and does not vouch for the capabilities, trustworthiness or performance of any individual, business or institution listed in these pages.

# CURBSIDE RECYCLING

## METRO-BAKERSFIELD

Residential curbside collection in City and County Metro Bakersfield now includes:

### Recyclable Materials Accepted:

- ✓ Cardboard
- ✓ Glass: Bottles & Jars
- ✓ Paper: Junk Mail, Newspaper, Office, Phone Books
- ✓ Metal Cans: Aluminum, Tin Steel
- ✓ Plastic Containers: #1-7

*Please be sure recyclables are empty before placing in blue cart.*

### RECYCLING

### GREENWASTE

### TRASH

**HELP REDUCE RECYCLING CONTAMINATION**

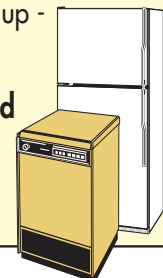

### NOT Accepted for Recycling:

- NO** Plastic Bags or Plastic Foam (eg. packing materials or take-out containers)
- NO** Waxed Carton or Waxed Paper
- NO** Rubber or Hard Plastics
- NO** Garden Hoses, Rope or Cords
- NO** Toys
- NO** Mirrors, Tempered Glass or Ceramics
- NO** Electronics or Household Batteries (see page 14)
- NO** Sharps Containers, Light Bulbs or Hazardous Waste (see page 14)

### BULKY WASTE & LARGE ITEM COLLECTION

Appliances, sofas, mattresses and other large household items can be picked up - FREE OF CHARGE.

- Unincorporated Metro Bakersfield 322-6863
- City of Bakersfield 326-3114

## CURBSIDE RECYCLING PROGRAM - OTHER CITIES

The cities of ARVIN, DELANO, MCFARLAND, CALIFORNIA CITY, and RIDGECREST have a Curbside Recycling Program for residential recyclable materials. This program is available to residents as a part of the regular trash service. KERN VALLEY, TAFT, MARICOPA, WASCO, and SHAFTER have a voluntary curbside service.

## CURBSIDE GREENWASTE RECYCLING PROGRAM

ARVIN, METRO-BAKERSFIELD (City and County areas), DELANO, MCFARLAND, and WASCO residents have a Curbside Greenwaste Recycling Program as part of their regular trash service. The City of SHAFTER offers a curbside program December through February as part of their regular trash service.

# DROP-OFF RECYCLING

## HOW TO RECYCLE AT DROP-OFF RECYCLING CENTERS

In an effort to keep materials clean and ready for recycling, please prepare your recyclables before heading to the nearest recycling center. Please do not throw plastic bags into the bin.

### NO TRASH PLEASE!

**Newspaper:** Keep dry and clean. Do not mix with junk mail, magazines, cardboard, brown paper bags, plastic bags or twine.

**Cardboard:** Keep dry and clean. Please break cardboard boxes down to be as flat as possible. Do not mix with junk mail, magazines, newspaper, plastic bags or twine.

**Glass:** Rinse containers and remove lids. Separate by color (clear, brown, or blue/green). Tinted glass should be placed into the blue/green glass container.

**Aluminum Beverage Containers:** Rinse containers and flatten to reduce size.

**Plastics:** Look on the bottom of the plastic container for a number inside a triangle. This number tells what kind of plastic the container is made of. #1 - 7 plastic containers are recyclable. Rinse out containers. Sort containers by plastics number. Flatten containers as much as possible and remove lids. Deposit the clean container into the correct drop-off compartment. Containers which once stored motor oil are not acceptable for recycling.

**Steel Cans:** Rinse containers, remove labels and, if possible, flatten to reduce size.

**Magazines and Junk Mail** are also accepted at many of the Community Drop-off Recycling Centers. Do not recycle any junk mail with personal information unless shredded.

# WHAT YOU NEED TO KNOW ABOUT BULKY WASTE/LARGE ITEM COLLECTION

## CURBSIDE BULKY WASTE COLLECTION

Residents in the Metro-Bakersfield area can have their bulky waste items, including appliances, sofas, chairs, and other large furniture pieces picked up – **FREE OF CHARGE**. Not accepted: Tires, construction, demolition and remodeling materials, hazardous waste or greenwaste.

**Unincorporated Kern County Metro-Bakersfield Residents**

**Got Junk?**  
**We'll pick up large household items ... FREE!**  
**METRO BAKERSFIELD:**  
**322-6863**

**City of Bakersfield Residents call (661) 326-3114.**

**Other cities** call your city for information (see page 1 for city information).

## BULKY WASTE COLLECTION EVENTS

The Kern County Public Works Department in collaboration with the Kern Refuse Haulers sponsor bulky waste collection events in the Metro-Bakersfield area, twice a year, Spring and Fall. Additionally, many cities within Kern County sponsor single-day waste collection events. To find Bulky Waste Collection Events in your area, check the website at [www.KernPublicWorks.com](http://www.KernPublicWorks.com) or call (661) 862-8900.

## OTHER OPTIONS

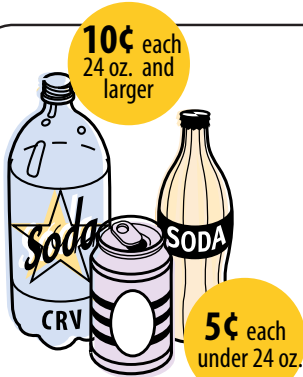

Large household appliances such as refrigerators, freezers, washers, dryers, and water heaters are accepted, **FREE OF CHARGE** at most Kern County Disposal Sites. Check the website at [www.KernPublicWorks.com](http://www.KernPublicWorks.com) for site specific information.

**For more recycling alternatives, see the A - Z Section page 22.**

# KERN COUNTY BUY BACK/CRV LOCATIONS

## BAKERSFIELD

### REDEEM YOUR CRV BOTTLES & CANS FOR \$\$

#### What is CRV?

Beverage containers labeled CRV (California Redemption Value) can be redeemed at designated centers for 5¢ per container under 24 oz. and 10¢ per container 24 oz. and larger.

#### CRV only—it's the law

State law requires recycling centers to pay California Redemption Value (CRV) refunds for loads that contain ONLY eligible CRV beverage containers.

Non-CRV materials must be removed from the load, or at the discretion of the recycling center, the load may be rejected or receive only scrap value.

Customers may still request to be paid by count for up to 50 CRV beverage containers of each material type: 50 glass, 50 aluminum, 50 plastic in one day.

#### More information

CalRecycle administers the California Beverage Container Recycling and Litter Reduction Act. For more information visit, [www.calrecycle.ca.gov/BevContainer](http://www.calrecycle.ca.gov/BevContainer) or call 800-RECYCLE (732-9253).

## WHICH BEVERAGE CONTAINERS CAN YOU REDEEM FOR CRV?

### Eligible for CRV

Beer and malt beverages

Wine coolers and distilled spirit coolers

Carbonated fruit drinks, water or soft drinks

Noncarbonated fruit drinks, water or soft drinks

Coffee and tea beverages

100% fruit juice less than 46 oz.

Vegetable juice, 16 oz. or less

Sports drinks

### NOT Eligible for CRV

Milk

Medical food

Infant formula

Wine

Spirits

100% fruit juice, 46 oz. or more

100% vegetable juice more than 16 oz.

Food and other non-beverage containers

# MANDATORY COMMERCIAL RECYCLING

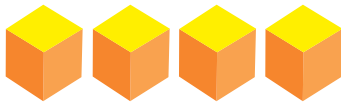

## It's the LAW

The State passed two laws that makes it mandatory for businesses, institutions and multi-family homes to separate recyclables and organics/compostables from their trash. This includes plant/yard waste, food scraps and food-soiled paper.

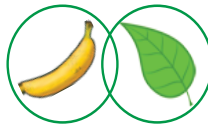

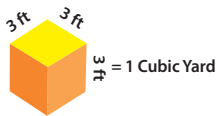

### AB 341

#### MANDATORY COMMERCIAL RECYCLING LAW

AB 341 requires all businesses that generate 4 cubic yards or more of trash per week to arrange for recycling services.

4 Cubic Yards

8 Cubic Yards starts April 2016

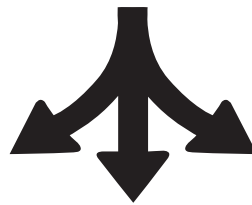

4 Cubic Yards starts January 2017

### AB 1826

#### MANDATORY ORGANICS RECYCLING LAW

AB 1826 requires businesses that generate 4 or more cubic yards of organic waste to arrange for organic waste recycling services. Beginning January 2019, this requirement extends to businesses that generate 4 cubic yards of trash per week.

*Organics include food scraps, yard trimmings, and food soiled paper. Multi-family complexes are only required to recycle yard waste.*

## WHAT YOU CAN DO:

Unincorporated areas of Kern County:

- Subscribe for Recycling Services with the Franchise Hauler in your area.
- Self Recycle and self certify compliance online at [KernCountyWaste.com](http://KernCountyWaste.com)
- Food Waste Recycling: Contact the Franchise Hauler in your area to subscribe for food waste collection.
- Green Waste Recycling: Businesses and Multi-Family complexes with landscaping services can self-certify compliance online at [KernPublicWorks.com](http://KernPublicWorks.com)

City of Bakersfield: Contact City Solid Waste Division at (661) 326-3114

Other Cities in Kern County: See Page 1 of this guide for contact information.

# THE KERN COUNTY/ LANCASTER RECYCLING MARKET DEVELOPMENT ZONE

## Grow Your Recycling-Based Business!

If your company manufactures new products from recycled material or processes recyclables to increase market value, the Recycling Market Development Zone (RMDZ) program may benefit you. The program can help whether you are an existing business, a start-up business or a company wanting to relocate.

The RMDZ program helps California businesses cut costs and increase profits. The RMDZ program is a partnership of local governments and the California Department of Resources, Recycling, and Recovery, created to provide incentives to businesses using secondary materials from the waste stream as feedstock for their manufacturing processes.

- Low interest loans
- Sales tax credits
- Job training
- Product marketing
- Permit streamlining
- Market research
- Technical assistance

**For further information regarding the RMDZ program, and how it can help your business, contact:**

**RMDZ Administrator for Kern County and the City of Lancaster at the Kern County Public Works Department:**

2700 M Street, Suite 450  
Bakersfield, CA 93301  
Phone: (661) 862-8900  
Fax: (661) 862-8901

**The RMDZ program combines recycling with economic development to fuel new businesses, expand existing ones, and create jobs.**

## IC SOLUTIONS

Kern County RMDZ Business

**This guide is made from recycled materials.**  
Cover: 30% post-consumer waste. Inside: 100% post-consumer waste.

# GREEN WASTE RECYCLING IN KERN COUNTY

## METRO BAKERSFIELD

**Residents:** Bakersfield and the adjacent unincorporated area, have curbside green waste pickup using green-colored, green waste containers. The program accepts grass clippings, leaves, and branches less than 24 inches in diameter. Palm tree material and creosote-treated wood **IS NOT** accepted.

**Large garden clean-ups and landscape/garden professionals:** The City of Bakersfield operates a facility to handle large amounts of green waste from landscape/garden professionals or from large residential garden clean-ups. Palm tree material and creosote-treated wood **IS NOT** accepted.

**The City of Bakersfield Green Waste Facility**  
**2601 South Mount Vernon Avenue, Bakersfield**  
**Open Daily 7 a.m. to 4 p.m.**  
**Phone: (661) 835-8873**

## OUTLYING AREAS OF KERN COUNTY

Grass clippings, tree branches, and construction lumber can be recycled at various disposal sites throughout the County. Details follow:

- **The Bena Landfill** accepts segregated grass clippings, leaves and manure in a separate area for composting. Bena also accepts tree trimmings and construction lumber.
- **The Glennville Transfer Station** accepts tree trimmings and construction lumber.
- **The Lebec Transfer Station** accepts segregated grass clippings, leaves and manure in a separate area for composting. The Lebec Transfer Station also accepts tree trimmings and construction lumber.
- **The Mojave Landfill** accepts segregated grass clippings, manure in a separate area for composting. Mojave also accepts tree trimmings and construction lumber.
- **The McFarland-Delano Transfer Station** accepts segregated grass clippings, leaves and manure in a separate area for composting. The McFarland-Delano Transfer Station also accepts tree trimmings and construction lumber.
- **The Ridgecrest and Tehachapi Landfills** accept segregated grass clippings, leaves and manure in a separate area for composting. Ridgecrest and Tehachapi also accepts tree trimmings and construction lumber.
- **The Shafter-Wasco Landfill** accepts segregated grass clippings, leaves and manure in a separate area for composting. Shafter-Wasco also accepts tree trimmings and construction lumber.
- **The Taft Landfill** accepts segregated grass clippings, leaves and manure in a separate area for composting. Taft also accepts tree trimmings and construction lumber.
- **The City of Wasco Wood Waste Facility** accepts tree trimmings.

# CONSTRUCTION & DEMOLITION MATERIAL

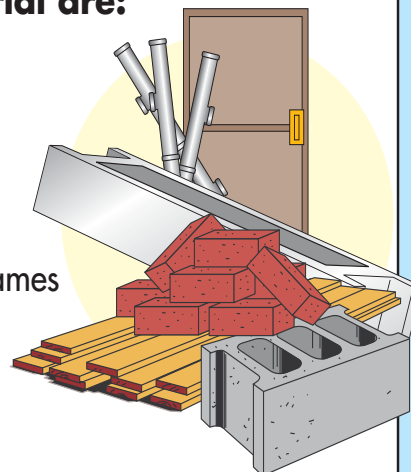

Construction and demolition material is non-hazardous building materials or debris (including packaging of same) resulting from the construction, remodeling, repair or demolition of homes, structures, buildings, garages etc.

Construction and demolition materials are accepted at most Kern County disposal sites for recycling, reuse, or disposal. When these materials are brought to disposal sites, a fee will be charged.

**A FEE DISCOUNT** may be granted when materials such as lumber, concrete, or metal loads are **SOURCE SEPARATED** and unloaded in their designated recycling areas.

## Examples of construction or demolition material are:

- Asphalt
- Brick
- Cabinetry
- Concrete
- Counter coverings
- Doors and door frames
- Drywall/sheetrock
- Fencing materials
- Wood/lumber
- Metal
- Packaging for construction material
- Paneling
- Plumbing fixtures
- Roofing materials

**For Construction and Demolition Waste Recycling Locations see the A-Z section in this guide by MATERIAL TYPE.**

## What is CALGreen?

In an effort to reduce greenhouse gas emissions and fight against climate change, the State of California Green Building Code Requirements, known as CALGreen, took effect beginning January 2011. The new building code mandates more energy efficiency, water efficiency and resource conservation measures for all newly constructed commercial and residential projects.

The CALGreen Code is a comprehensive and uniform regulatory code that applies to all residential, commercial, hospital and school buildings to ensure that every new building in California is built using environmentally advanced construction practices which includes construction waste diversion requirements as follows:

- Submit a Construction Waste Management Plan prior to construction for approval by the local Building Department.
- Recycle and/or Reuse a minimum of 65% of construction & demolition waste.
- Recycle or Reuse 100% of tree stumps, rocks and associated vegetation and soils resulting from land clearing.

**For more information about these requirements, contact your City or County Building Department.**

# AUTOMOTIVE PRODUCTS

In our automobile-based culture, we deal with many hazardous substances such as motor oil, antifreeze, brake fluid, windshield wiper fluid, transmission fluid and batteries. In addition to these items, we also have a variety of specialized cleaning products for the tires, dashboard, and engine compartment. These materials can endanger our health and environment if improperly disposed.

The good news is that automotive products are becoming easier to dispose of properly. An increasing number of stores, service stations, recycling centers and residential recycling programs are accepting these materials.

**Motor Oil** gets dirty with use, but once cleaned or re-refined, it can be used again and again with the same effectiveness as virgin oil. Used motor oil must never be mixed with any other liquid. Used motor oil is accepted at many service stations, auto parts stores, recycling centers, Kern County Special Waste Facilities, and at most Kern County landfills (see page 18). The City of Bakersfield has a curbside used oil collection program, for more information call (661) 326-3114. Check out the Oil Recycling Website at [www.calrecycle.ca.gov/usedoil](http://www.calrecycle.ca.gov/usedoil) for site locations and more information.

**Oil filters** are also recyclable at the oil collection sites maintained by the Kern County Public Works Department. Check out the Oil Recycling Website at [www.calrecycle.ca.gov/usedoil](http://www.calrecycle.ca.gov/usedoil) for site locations and more information.

**Antifreeze** is toxic, and is deadly to pets and children if accidentally ingested. Handle this liquid with care. In Metro Bakersfield, it can be brought to the Kern County Special Waste Facility at 4951 Standard St., in East Kern County at 17035 Finin St. at the Mojave Airport, or at 3301 W. Bowman Rd. at the Ridgecrest Landfill. For days and hours of operation, look on our website at [www.KernPublicWorks.com](http://www.KernPublicWorks.com).

## Are You A Do-It-Yourselfer?

Be sure to recycle automotive fluids properly.

## Automotive/Truck/Tractor/Equipment

**Batteries** may be sold to scrap metal dealers. They are often accepted at automotive parts stores and service centers as well.

**Tires**, because of their physical properties, present health and handling challenges to disposal facility operators. Whole tires are banned from disposal at landfills in California. Many tire dealers will accept small quantities for a nominal fee. Landfills will also accept tires separated from general trash for a per-tire charge or, if applicable, at a bulk rate.

**For more recycling alternatives, see the A - Z Section page 22.**

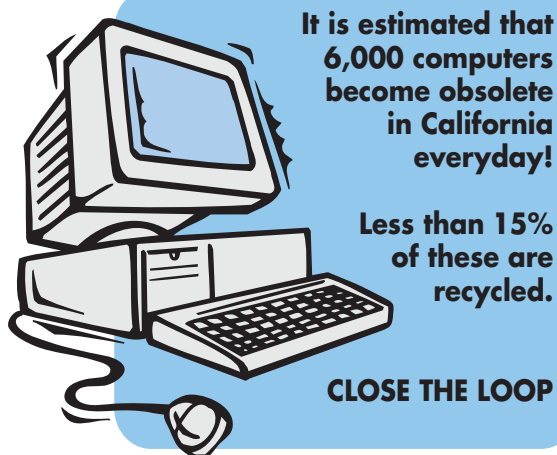

# ELECTRONIC WASTE (E-WASTE)

## Computer Monitors and Televisions

Current state and federal regulations mandate that cathode ray tubes (CRTs) found in computer monitors and televisions cannot be disposed of in landfills. However, there are several REUSE & RECYCLING options available to Kern County residents:

- Televisions and computer monitors, still in working condition, can be donated to local nonprofit organizations to be reused.
- Non-working computer monitors and televisions are accepted at Kern County Disposal sites and Special Waste Facilities (see page 14) for recycling at NO CHARGE.
- Non-working computer monitors and televisions are also accepted for recycling at thrift shops and non-profit organizations such as Goodwill Industries, Salvation Army, St. Vincent de Paul, Bakersfield Association of Retarded Citizens (BARC) and others that have been authorized by the state. (see A-Z Section – Electronics, page 26).

## Businesses

Large volumes of Electronic Waste which include televisions and computer monitors can be recycled at approved locations in Kern County. See A-Z Section, page 26 for a complete listing.

Electronic Waste can also be recycled at Kern County disposal sites or Special Waste Facilities (see page 14). There is NO CHARGE for Covered Electronic Wastes (televisions, computer monitors and DVD players with screens). However, a FEE IS CHARGED for other electronic waste such as computer peripherals, copiers, CPUs, stereos, VCR's, and other electronic devices.

**For more recycling alternatives, see the A-Z Section, page 22.**

## Other Electronics

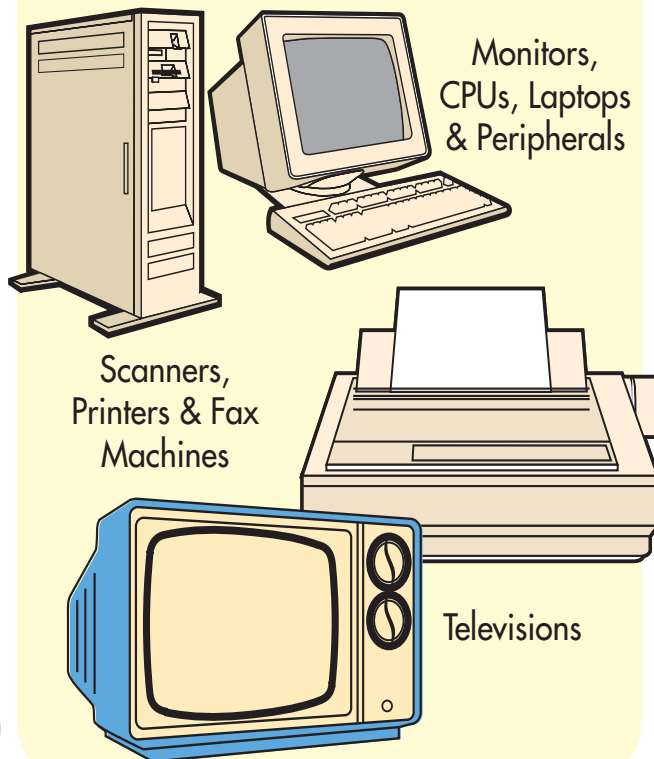

The method to recycle other electronic waste such as central processing units (CPUs), computer peripherals, stereos, VCRs, copiers, and other circuit board containing devices is constantly evolving. Please see the listing under **"Electronics" in the A-Z Section** (see page 26) of this guide for re-use/recycling locations. For the latest details on local electronics handling options, check our website: ([www.KernPublicWorks.com](http://www.KernPublicWorks.com))

## Computer Printer / Copier / Fax Machine Supplies

Did you know that when your toner cartridge or inkjet cartridge is empty, it can be refilled for less money than buying a new one? There are many companies that recycle cartridges, either paying outright for the cartridge or offering a discount on the purchase of a refilled one. For a local source, go to the A-Z section – Toner Cartridges on page 30.

**CLOSE THE LOOP** - Help support recycling efforts by buying recycled toner and inkjet cartridges. Recycled/remanufactured cartridges often need to meet the same standards as new cartridges.

## E-WASTE

# A GUIDE TO HAZARDOUS WASTE DISPOSAL FROM YOUR HOME

## DON'T TOSS IT!

Bring your household hazardous waste to the...

## KERN COUNTY SPECIAL WASTE FACILITY

**Transport Guidelines:**  
Transport no more than 15 gallons or 125 lbs. of waste per trip.

### Residential Waste Accepted

- Automotive Products
- Batteries (auto & household)
- Electronic Waste
- Expired Medications
- Fertilizers
- Fluorescent Light Bulbs
- Home Generated Sharps
- Household Cleaning Products
- Mercury Thermometers
- Paint & Paint Products
- Pesticides & Weed Killers
- Photo Chemicals
- Pool & Spa Chemicals

**Residential Waste Only. No Business Waste. No Mixing.**  
Make sure containers are not leaking and are properly labeled.

## FROM YOUR BUSINESS

## GREEN YOUR BUSINESS

If your Business generates less than 220 lbs. of

## HAZARDOUS WASTE

per month, bring it to the

## Kern County Special Waste Facility

(at the Ridgecrest Landfill)  
2nd and 4th Saturday of Every  
Month, 10am-1pm

KERN COUNTY RECYCLING GUIDE

### OUTLYING COMMUNITIES HOUSEHOLD HAZARDOUS WASTE COLLECTION EVENTS

One day collection events allow residents in the outlying areas of Kern County to drop off household hazardous waste at a location in their community throughout the year. Toxic Roundup events are held periodically throughout the year in the communities of Kern Valley, Tehachapi, Delano, Frazier Park/Lebec, California City, Taft, and Boron. For more dates and locations visit:

[www.KernPublicWorks.com](http://www.KernPublicWorks.com).

For more information call (661) 862-8900 or 800-552-KERN

# JUNK MAIL

We all receive unsolicited mail. Each time you enter a contest, make a donation, take a survey, buy something on credit or with a check, order products by mail or send in a subscription, there's a good chance your name and address will be added to a mailing list. These lists are valuable commodities regularly sold or traded.

Below are steps you can take to reduce junk mail. Be patient - it takes three to six months before you notice a reduction in your junk mail. In the meantime, remember to recycle junk mail you receive.

**1.) Call mail-order catalog companies-** Most catalogs provide a telephone number for placing an order; call this number and ask to be taken off their mailing list.

**2.) Contact specific organizations or businesses-** If you receive unwanted flyers or mail, call the customer service department of the organization or business responsible and request that your name be removed from their mailing list.

**3.) Return junk mail-** Envelopes stamped "address correction requested" or "return postage guaranteed" can be returned unopened to the sender by writing "refused, return to sender" on the envelope. **DO NOT** write this on mail without that special notation; the post office will not return it to the sender.

**4.) Get your name off national mailing lists and off the lists of mailing list brokers-** Write to the addresses below and ask to be placed on a "suppress" file. Include a list of your name and address in all the different ways it appears on your junk mail. The Mail Preference Service places your name in the suppress file for five years. The Direct Marketing Association sends this list to its business subscribers four times a year. The address for "Telephone Preference Service" will remove your name from many telemarketers' lists.

# SPECIAL RECYCLING PROGRAMS - FREE!

## CHRISTMAS TREE RECYCLING

Christmas Tree Recycling is a cooperative effort between the Kern County Public Works Department, municipalities and community groups to recycle trees.

Check the website [www.KernPublicWorks.com](http://www.KernPublicWorks.com) for drop-off locations and tree pick up services.

## FREE SHOPPING CART REMOVAL

The California Shopping Cart Retrieval Corporation will come and collect found shopping carts and deliver them back to the stores for Free. For more information, or to report a found shopping cart, call (800) 252-4613 or visit them at [www.cartretrieval.net](http://www.cartretrieval.net)

## RECYCLING OUTREACH & EDUCATION

Public education and community outreach are ongoing activities for the Public Works Department. Effective communication is a must to ensure efficient management of the waste stream. Staff members participate in community and business events, street fairs and public speaking opportunities. Written materials, face-to-face discussions, website activity, radio and television commercials, press conferences and media events are important outreach tools to get the Public Works message to the general public.

We also believe that education, at the elementary school level, can have a lasting impact on the future of this County. The Department, in partnership with the nonprofit organization Community Clean Sweep, provides an interactive, environmental puppet show program to thousands of elementary-aged students each year.

From Lost Hills to Ridgecrest, the Clean Kids puppet shows provide an opportunity for students to become teachers. Children use ventriloquist-sized puppets to deliver waste management messages to the rest of the school. With more than a decade of school participation, this award-winning program has to be seen to be appreciated. Once the puppets have been to a school, Principals want them back every year! Interested educators can contact the Public Works Department at (661) 862-8900 and reserve a spot!

A Program of the Kern County Public Works Department

**R** = Recycle **D** = Disposal  
**N** = Not Acceptable

# Make a Visible Difference!

There are more than 3,280 miles of roads in unincorporated Kern County.  
These roads meander through the countryside  
and connect residents to places beyond their front door.

Sadly, some of the roadways have fallen victim to flyaway trash  
and illegally dumped garbage. These roads need your help.

Take pride in the place we call home;  
join the **Keep Kern Roads Clean** project.

When you join, you promise to clean up a two-mile stretch of roadway  
at least four times a year. Encourage friends, family, and co-workers to help.  
The effort will make a visible difference in the way our county looks,  
and a meaningful difference in the hearts of those who volunteer.

**Keep  
Kern  
Roads  
Clean**

Make a difference  
you can see!

[www.KernPublicWorks.com/kkrc](http://www.KernPublicWorks.com/kkrc)

# A-Z RECYCLING GUIDE

The A-Z Recycling Guide provides information on ways local residents can donate, sell, purchase and recycle used products and materials. Our goal is to decrease the amount of waste sent to local landfills. California Assembly Bill 939 requires local cities and counties to reduce the amount of waste going to local landfills. We all must do our part!

The guide focuses on "re-using" materials and recycling materials. Reuse means the repeated use of a product or material in its original form. Recycle means to break the material down to its original form and make it into entirely new product. Reuse and Recycling are both important because both save natural resources and reduce the amount of waste sent to landfills.

## DID WE MISS YOUR BUSINESS OR DO YOU HAVE OTHER REUSE/REPAIR/RECYCLE INFORMATION FOR FUTURE DIRECTORIES?

Please feel free to share suggestions or information regarding this directory with us. If you would like to add your business to future directories, please call, fax, email or mail the following: name of business, street address, email address, phone number, contact name, and any important notes about your business to:

### Kern County Public Works Department

Fax: (661) 862-5103 E-mail: waste@kerncounty.com  
Website: www.KernPublicWorks.com Click on: Contact Us

## HOW TO USE THIS DIRECTORY

Most of us practice reuse and recycling in our daily lives; however, there are ways to improve. Businesses in this directory accept donations, sell or buy used products, and recycle materials. Significant efforts have been made to provide complete, accurate, and up-to-date information. However, inaccuracies may exist due to changes involving individual business operations. We suggest you contact the business of interest to get the most current information about their hours of operation.

This guide is for informational purposes only and should not be construed as a recommendation or endorsement by the Kern County Public Works Department (KCPWD). This guide is not complete with respect to the products, services or institutions it lists. It is not meant to be exclusive or exclusionary in any way and does not vouch for the capabilities, trustworthiness or performance of any individual, business or institution listed in these pages.

Kern County does not endorse the businesses listed in this publication; they are simply listed as a reference to promote reuse, repair, and recycling.
