Kern County, California

National Flood Insurance Program

PRELIMINARY 11/15/2019

For community and countywide map dates refer to the Flood Insurance Study report for this jurisdiction.

To determine if flood insurance is available in the community, contact your Insurance agent or call the National Flood Insurance Program at 1-800-638-6620.

Many of these products can be ordered or obtained directly from the website.

For more information on flood insurance, interested parties should visit https://www.fema.gov/national-flood-insurance-program.

To mitigate flood risk in residual risk areas, property owners and residents are encouraged to consider flood insurance and floodproofing or other protective measures.

Flood Insurance Rate Maps are available in print form and at 1-meter resolution by the United States Department of Agriculture - Farm Service Agency - Aerial Base map information shown this FIRM was derived from multiple sources, including U.S. Census Bureau Geographic Information System, U.S. Army Corps of Engineers Habitat and Water Data System, U.S. Geological Survey, U.S. Department of Agriculture - Farm Service Agency - Civil Engineering Service - Water Resources - Aerial Photography, and U.S. Army Corps of Engineers - Southwestern States Operations.

Field office.

Panel Contains:

Note: This panel contains levees (Non-Accredited).

Visit https://www.fema.gov/national-flood-insurance-program to determine if flood insurance is available in the community.

Note: This panel contains levees (Non-Accredited).

Note: This panel contains levees (Non-Accredited).

For more information, including biological and cultural resources, please contact the Community flood insurance administrator.}

Breakline and floodplain information are subject to change or correction. The floodplain area indicated on the FIRM is the area that has a 1% chance of flooding in any given year. This is the current Flood Insurance Rate Map (FIRM) floodplain information for the City of Bakersfield. The FIRM map area shown on this panel reflects the geographic extent of the City of Bakersfield. This panel may not show all geographic extent of the levees shown on the FIRM for this jurisdiction. If the map area shown on this panel is larger than the geographic extent of the levees shown on the FIRM, the panel number, map number, or other area of less than one square mile depth less than one foot or with drainage of 1% annual chance flood with average water level (BFE) and Emergency Action Plan, on the levee system(s) shown as providing protection for areas on this panel. To mitigate flood risk in residual risk areas, property owners and residents are encouraged to consider flood insurance and floodproofing or other protective measures.

The information depicted on this map and supporting documentation are also available in digital format at FEMA Map Information eXchange at 1-877-FEMA-MAP (1-877-336-2627) or visit the FEMA Flood Products, or the National Flood Insurance Program (NFIP) in general, please call the Field office.
